An update regarding Master Arjun, a courageous 4-year-old with the UHID: KABHK 0000240018. We're pleased to inform you that Arjun has successfully completed his chemotherapy cycles and surgery recently. We extend our heartfelt gratitude to "Child Vikas Foundation" and its generous donors for their invaluable support throughout this challenging journey.

Following several tests, it has been determined that Arjun requires a bone marrow transplant (BMT) at the earliest. The estimated cost for this vital procedure is expected to be between 11-12 lakhs.

We are sincerely thankful for the assistance provided thus far, and we humbly request "Child Vikas Foundation" to continue supporting Arjun in his ongoing treatment. Your continued support is crucial in ensuring Arjun's well-being and successful recovery.

Thank you for your unwavering commitment to making a positive impact on the lives of those in need. Your generosity and compassion are deeply appreciated.

Best regards,

Feros Khan
